

KnowBe4-as-a-Service

Managed Service for Security Awareness Training and Phishing Simulation

Somerford Associates have partnered with KnowBe4 to provide a fully managed service, making KnowBe4 quick, easy, & hassle-free to deploy.

KnowBe4 from Somerford helps you reduce workload and management time by providing support for installation, activating phishing services, analysing data, regular reporting and developing training programmes to address identified security risks. With KnowBe4-as-a-Service from Somerford we help you to deploy your KnowBe4 account effectively without taking up valuable IT or admin resource. Helping you eliminate the human element as a security risk.

KnowBe4-as-a-Service from Somerford Associates

Create a long-term security awareness programme defined by your organisational needs, managed by us.

Track results and monitor ROI as you watch your user scores improve over time with proactive monitoring.

Fast set-up and launch with full configuration and UAT Testing to get KnowBe4 up and running quickly.

Bespoke online training plan developed in response to your Phishing test scores and identified security risks.

Plan Random and Targeted Phishing Attacks to measure, monitor, and report on how your teams respond to a random Phishing Attack. This can help you determine where existing training could be enhanced.

Dedicated team to manage your KnowBe4 platform, supported by the KnowBe4 Customer Success Manager providing regular consultation & feedback.

Benchmark to compare your organisation's security awareness proficiency scores and security culture scores with other companies in your industry.

Certified KnowBe4 reseller with in-house managed support and delivery capabilities. Somerford are ISO 9001 and Cyber Essentials plus accredited.

Enhanced Reporting, Reviews & Analysis delivered by our specialist teams to ensure effective deployment and ongoing tracking over time.

Prove to your regulators and your board that you are proactively managing and in control of the human element of security.

To scope your own bespoke KnowBe4-as-a-Service solution designed to meet your needs, speak to your Somerford Associates account manager.
